SUMMARY

Experienced Software Development Engineer in Test with expertise in creating and refining automated testing protocols. Successfully identified and resolved software defects, enhancing system reliability. Skilled in multiple programming languages and comprehensive in all software testing lifecycle stages. Committed to improving system performance through rigorous quality assurance.

SKILLS

- Automated testing
- Performance testing
- Test script development
- SQL query writing
- Project management
- Effective communication
- Mentorship skills
- Team leadership
- Test strategy
- Test design techniques
- Load testing
- Behavior-driven development
- Test automation frameworks
- Defect tracking
- Database testing
- Test planning
- Scrum framework

- Version control systems
- Continuous integration
- API testing
- End-to-end testing

Software Engineer Verisk Analytics | Kathmandu, Bagmati

- Implemented automated testing procedures to enhance code quality and reliability.
- Writing test cases against the requirement.
- Preparing test data in sql.
- Writing SQL queries to compare expected and actual results.
- Writing test automation using C#.NET, Selenium, and SpecFlow.

October 2011 - September 2015

Senior Quality Assurance Engineer Braindigit IT Solution | Kathmandu, Bagmati

- Developed and executed comprehensive test plans for software applications.
- Collaborated with development teams to identify and resolve software defects.
- Conducted manual and automated testing to ensure product quality.
- Led root cause analysis sessions to improve testing processes and efficiency.
-
- Coordinated with cross-functional teams to support project timelines and deliverables.
- Analyzed customer requirements and translated them into test cases.

EDUCATION AND TRAINING

September 2014

MSC | Information Technology

Sunway International Business School, Kathmandu

August 2006

Bachelor in Computer Engineering | Computer Engineering

Lumbini Engineering College, Bhalwari

July 2002

10+2 | Science

Kathmandu Don Bosco College, Kathmandu

July 1999

High School

Edith Douglas School, Mariani
